

Enviornmental Basics at Paws Up – Our Commitment to Green Fundamentals

EO® Organic In-Room Bath Products

New in 2009, Paws Up is pleased to provide EO® bath products including soaps, shampoos, conditioners and lotions in all of our guest accommodations. EO® is a family owned and operated, Certified Organic Manufacturer of personal care products using the highest grade natural and certified organic ingredients. They create products that are natural, gentle, effective and free from animal testing. They know that providing a product with integrity and sustainability is a choice made to ensure that only the finest products are created.

Energy Efficiency – Lighting, Energy Star Appliances and Solar Lights

Paws Up Resort uses low-voltage lighting and compact fluorescents wherever possible throughout the resort. Motion detectors trigger outside lighting to conserve energy and Energy Star certified appliances are used in all new facilities at Paws Up including the [Wilderness Estates](#). Additionally, Paws Up uses solar powered lighting for all its outdoor cart and path lighting.

Water Conservation – Voluntary Re-Use of Linens

Guests are provided the option of re-using their sheets, towels and other linens in their homes or tents in order to provide a consistently luxurious experience, while also saving as much water and reducing as much detergent use as possible.

Catch & Release Only Fishing

To protect the world-class fishery, the Blackfoot River that flows through Paws Up, all [fishing adventures](#) require that guests practice catch and release fishing.

Sustainable Products in our Gift Shop

Paws Up General Store – [PUGS](#) – continues to increase its inventory of earth-friendly products, as well as its extensive offerings from local artisans including locally made soaps, organic dog treats, jewelry and other crafts. Our bamboo

logo-wear has been an especially big hit with our guests. Watch for leading edge products as our inventory grows.

Recycling Program

Recycling at Paws Up is a team effort. We provide recycling bins in all of our guest accommodations. Although recycling services are not available in our remote location, our committed team members make the routine trip to town to ensure our recyclables get into the system. Resort-wide we practice reduce-reuse-recycle.

Eco-Friendly Cleaning Products

To safeguard our planet, our housekeeping team uses earth-friendly, power-packed cleaning products to keep our homes as fresh and pristine as our natural surroundings. We are committed to using ecologically pure products that clean without toxins and delight the senses, as well.
