### NIGHTLY MUSIC TO SPICE THINGS UP

On Thursday, enjoy a performance by Ali Solomon. From Bob Dylan to Radiohead, Solomon gives cover songs a new twist with her sweet alto and haunting vibrato.

On Friday, John Floridis, a master of guitar, vocals and looped sounds, will perform. He's shared the stage with Shawn Colvin and Emmylou Harris, among others.

Bloodshot Records recording artist Cory Branan will headline the event on Saturday night with his much-heralded brand of punk-influenced country songwriting.
