Perched on a picturesque, rocky, timbered bluff overlooking the legendary Blackfoot River, Paws Up's latest glamping creation, North Bank Camp, offers a luxurious retreat into the Montana wilderness. It's our only camp on the north bank of the river, and every tent has a riverfront location, with a spacious furnished deck suspended over the slope to afford inspiring Big Sky views. The camp can accommodate families and larger groups with two-bedroom tents and The Resort's first three-bedroom tents. And for a spectacular dining experience, North Bank's Dining Pavilion is our most expansive, featuring a stone fireplace, bar seating and floor-to-ceiling sliding glass doors.
