FALL/WINTER 2019

Sneak Peek: **Four Seasons Los Cabos**

A part of the sprawling, 1,000-acre Costa Palmas complex, which will also welcome an Aman hotel in 2020, the 141-room Four Seasons Los Cabos hotel opens in November along a stunning stretch of white-sand beach (one of few swimmable beaches in Cabo). Our team got a pre-opening tour of the property, which will include four pools, a Robert Trent Jones II golf course, tennis and basketball courts and an outpost of NYC's popular Estiatorio Milos restaurant. The highlight of the trip: lounging at the stylish beach club—where Gwyneth Paltrow had her bachelorette party in 2018—and enjoying a lunch of fresh tuna tartare and guacamole. *From \$800.*

HONEYMOON WATCH: **THE GREEN O**

Montana's traditionally family-friendly Paws Up hotel is unveiling The Green O, an all-inclusive romantic property, in May. Guests will stay in sleek, Frank Lloyd Wright-esque "haus" rooms, including four treehouses suspended in the woods. Scandinavia-inspired interiors are cozy and smartly designed, with hot tubs, terraces and all-glass walls, allowing guests to feel ensconced in the woods. The 12 rooms surround a foodie-friendly restaurant and a 45-foot lookout tower. Activities, too, cater exclusively to couples, such as trail rides followed by sunset champagne and helicopter rides to Glacier National Park. *From \$2,400. ■*
