SUMMER SPECIAL WITH THE KIDS AT PAWS UP

MARCH 7, 2017

This post is from one of our favorite Passported partners, Paws Up.

You only get 18 summers with your kids. Make them count.

One year they're afraid of the water, the next they beg to go whitewater rafting. Wouldn't it be nice if you could slow down and treasure each stage of their remarkable lives? Well, maybe you can. Start by showing them a vast Montana wilderness filled with adventure. Take them horseback riding along pristine mountain trails, sip lemonade together and take family bonding to new levels with a challenging ropes course.

At [The Resort at Paws Up](#), we'll help you enjoy endless summer days and the enduring spirit of childhood. And you'll see how easy it is to hold on just a little bit longer to each flickering day.
